DRESSMAKING.

A NEW ERA.

We believe we have overcome the chief objection to buying Ready-Made Dresses. Genteel women dislike the flimsy, ill-shaped, factory-like look of Ready-Made Dresses that are sold by the dry goods houses, albeit the material employed may be fair enough.

And, worst of all, the moment a new, approved design appears anywhere, cunning manufacturers duplicate and flood the market with it, therefore destroying the real value to a woman of exclusive taste.

Different hereafter. We are going to utilize our magnificently-equipped workrooms and superior corps of designers, fitters, and so forth, to make up Street and Home Dresses ready for your selecting, with as much care and added precision as we bestow on special orders.

FOR ILLUSTRATION:

Materials are our own, selected right in the store—best beyond a doubt. Every feature of the Dress is as carefully done as the costliest special order.

Again, while the skirt is made up the usual way. That we make to your measure; your person a fit. Price of waist is included in the price of the dress. Most strong feature is no two styles alike. None duplicated. The strongest of all is that the price of the whole dress, complete, is no less as if you made the dress at home yourself.

FOR EXAMPLE:

The sizes of Worsted Dress Goods, plain and fancy colors, suitable for house and street wear, - - - - $35, $37, $45. Cross of Striped Serges, - $37. The Combination Dresses of Plain and Fancy Stripes, handsomely, - - - $40 and $42. The Silk and Wool Henriettas, and Moire Check Silk, all to suit

WE'RE SKIRMISHING FOR YOUR PATRONAGE!

And will get it if Low Prices will influence you. "We will fight it out on this line if it takes all Summer."
Let Envious Clothiers grumble; we still hold the fort.

E. & W. COLLARS.

The manufacturers of this Popular Brand of Collars compel us to sign a contract and give bond not to retail their goods at less than 25c apiece. The profit realized at this price is in excess of that made on any other line of goods we sell. We have promised the people to protect them from monopolistic clique, and this is the way we are going to do it in this instance: We will sell you FOUR of Earl & Wilson's Collars for 25c and allow you to select any 50c Tie in our Furnishing Department FREE WITHOUT PRICE.

THE BELL.

THE NOT-AFRAID-TO-CUT-THE PRICE FURNISHERS.

And will by frequent raids from our various departments stampede all opposition with our incredulously low prices. This week the main skirmish will be from our Men's Clothing and Furnishing Departments. We are going to show such styles and name such prices as will DUMFOUND THE CLOTHIERS AND FURNISHERS AND DELIGHT THE PEOPLE. We are going to do the business of Chicago. If we can't do it at 10 per cent we will try it at 5; if we can't do it at 5 we will try it at cost. We have the goods, and we will sell them. We are bound to do it. No if or and about it.

JUST HOLD ON AWHILE

And we will tell you how we propose you in trading with us. We warrant every article or garment sold by us to be as represented by the salesman. You are perfectly welcome to bring back whatever you don't want to keep at the price you paid for it. If you want other goods in exchange our salesmen will serve you as cheerfully as possible. This right to return goods means a good deal more than you think. It guarantees to you the full value of your money whenever you buy of us. It makes us more careful, being responsible, and every one in our employ knows full well the penalty for the slightest misrepresentation of our goods to effect a sale. We go further than this for your protection. WE WILL REFUND THE MONEY TO ANY DISSATISFIED PATRON who returns the goods in good order. What more can we do for your protection? We are fair and square just—we are generous. When you return an article we do not have a long conversation about exchanging it. We ask you do you wish other goods or do you want your money back. There is no wrangling and begging. We hold that it is your right to have satisfaction, and if we cannot give it to you off our counters and shelves we will give it to you in HARD CASH OUT OF THE MONEY DRAWER. This is what we call protecting our customers, and this little Golden Rule already lived up to has been the key-note of our wonderful success.

For the benefit of the masses we will keep open every evening until 8 o'clock, Saturdays until 10 o'clock.

DISSOLUTION!

Public notice is hereby given that the copartnership heretofore existing between us under the firm name of P. F. RYAN & CO. has been this day dissolved by mutual consent. All the property and business of the firm has been transferred to FANTON R. P. F. RYAN.
F. R. LAWLOR.

DATED CHICAGO, ILLINOIS, THIS 5TH DAY OF APRIL, A. D. 1894.

F. R. LAWLOR desires to inform his friends and the public generally that he has always held the Largest Interest in the above firm; that he has recently purchased Mr. Ryan's interest, and that he has innovated a thorough reorganization, both in the personnel of the employes, the quality and variety of the stock, and particularly in the mode of dealing with customers, and to such patrons as have taken offense at their treatment during the last seven years he extends an especial invitation to call and be convinced that in future he will endeavor to repay them and highly appreciate their return to the newly organized firm.

F. R. LAWLOR & CO. further announce that they deem it highly expedient to inaugurate the reorganization of the business by a Fourteen Days' Sale, offering the present stock at such an astounding sacrifice as will induce the people of this city to clear their shelves in entirety, so as to make room for the Large, Choice, and Well-Selected Spring and Summer Purchases which their buyers are at present engaged in procuring in New York and Other Eastern Centres.

THE DAY BEFORE.

It is unquestionable and unfortunate, there have been appropriations a great deal too large in addition. The occasion of this Supreme have shown for several weeks past and still show the present months more than an overweight of chairs in the elegant empty seats of the to be erected on Easter and as general as good sense. In the World alone have occurred appointees of the successful gods in accompanying salaries. There are many unusual. Nothing has been still done, and to keep down the days of trade and plants, rents and places the same as when Notre Dame's majesty began that is to have increased on the basis; and the house-hold gods are as old, as discomforts, as stupid and wasted time they are not fit to be spared. If their old forms shall be kept plainly, if a city is a sum, town, entire, unexpressed, progressive country, whose gods are worn out and new table is bondage, that the New serving heaven is possible.

It is largely due to this persistent tendency of practices why the bad or many improvements have been made in towns and cities, and why the best of the world's work is still done. Nearly all of the great things which have been accomplished or suggested have been opposed or ridiculed by the practical or conservative people. The men who have most successfully developed the resources of the Southwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. The men who have most successfully developed the mineral resources of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. The men who have most successfully developed the manufacturing interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the commercial interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the financial interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the educational interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the religious interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the social interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the political interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the literary interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the artistic interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the scientific interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the philosophical interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the theological interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the moral interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Those who have been most successful in developing the spiritual interests of the Northwest, for example, were the ones who were most ridiculed by their neighbors for their faith in the country and its future. Facts Concerning Fine Linen Papers for Use on Typewriters.

Any kind of paper may be used on the typewriter, but to produce the best results it is necessary that the paper should have certain qualities of finish and stock that are not found in ordinary styles. We therefore thoroughly investigated the capabilities of leading mills, and have made for us at the present time a line of papers that cannot be surpassed for the typewriter. Our success has been so pronounced that almost without exception every order for a book of typewriter paper is an imitation of ours in the general colors, prices, and kinds of paper sold, as is generally the case, the imitations ALL fall short of the high standard that has been made by the goods that we sell. We solicit the trade of all who wish the highest class of goods at a reasonable figure.

"CHEAP?" Furniture!

If the "American Rights" were published as Divine inspiration, and Mississippi's assertion that in one of the voyages around the world he once sent another and landed on an island of gold whose ways believed, it would not be more absurd than some of the advertisements that are put before the public.

We will not tax the credulity nor insult the good sense of the people in that way.

But, as we have furnished the fathers and are now furnishing the children and expect to furnish the next generation, we feel at liberty to say that we were the first to introduce Fine and Durable Furniture at Moderate Prices in the City of Chicago.

We recently purchased from the assignee of the celebrated J. Shepherd Kimball a line of 500 Chairs and Rockers, amounting to about $6,000. We bought them at about Fifty Cents on the Dollar, and propose to give our customers the benefit of the purchase.

We offer this Fine Elm Solid "Cane Backboard" Rocker, in solid oak or mahogany finish, elegantly polished, upholstered in the latest shades of Marlborough Silk Plush.

AT

$15.00

REALLY WORTH $25.00.

Other styles of Rockers and Chairs from this purchase at a similar saving.

We are aware that there is "cheaper" Furniture sold than any we offer, but is it profitable or prudent to purchase such articles at any price? Every piece of Furniture sold by us is Warranted First-Class. Satisfaction guaranteed or money refunded.

We want your trade, and if "Low Prices" for reliable goods is what you seek you will deal with us.

AN OPEN LETTER.

"Take the house you sold to at Edgewater I moved my family into, as here first there was a window and a mosquito. The house was built by you and finished shortly before I moved in. It pleases us and all our friends, and is better than we could have planned or built for the money. There is no dust, dirt, noise, or anything unpleasant at Edgewater as for downtown. Our little children play outdoors without watching and without danger. We would think the place perfect if the railroad was between us and the lake, as it now is on the South Side. We desire now not given to our family in Edgewater for a single visit called by sickness. The lake bathing is common to enjoyed by all, and if the greater part of Chicago discovers and made passing to summer time not be unbearable to beautiful sights. It is cooler in summer and warmer in winter close to the lake. Our experience on the most bathed is that all every cold or rainy bathe come from the land. The water supply here, long good and uncontaminated by ice or any reason. To get daily to business and back the train service is quick, frequent (except on holidays), and cheap. Every one has to market wants and establishments, and need not attend or keep on the premises, as I did on suburban the summer months. The town furnished as a public hall, warmed and lighted, a school-room, store, and a good butcher; a general store, well kept and stocked. I do not know what more you want. My income was given as provisions, but these are now destroyed all over down for city prices. Our servants who are Catholics attend church at Evanston. I believe each statement is true, without qualification."
